

# MANUAL

## 3-in-1 Feeding station

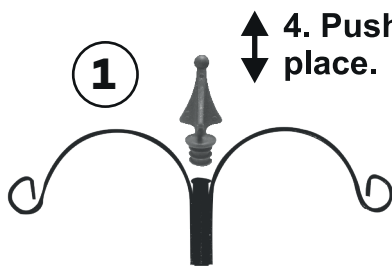

SIZE: 50X2X189CM

www.duvoplus.com

- 1 x Bottom pole with spiked end
- 1 x Centre pole
- 1 x Top pole
- 1 x Double bracket
- 1 x Wingnut

- 1 x Single wrap around bracket
- 1 x Plastic water dish & wrap around bracket
- 1 x Mesh dish & wrap around bracket
- 1 x Finial

4. Push the finial into place.

1

3. Once all 3 sections are joined, slide it inside the top bracket and tighten the wingnut until secure.

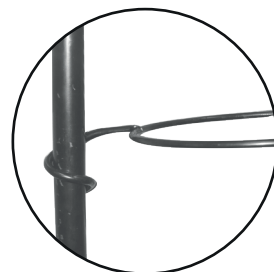

2. Once bottom pole and centre pole are joined slide them inside the top pole until secure.

1. Slide bottom pole inside centre pole until it feels secure.

2

1. Hold bracket sideways against pole.

3. The bracket should now be secure. If you want to re-position the bracket just tilt the holder back to the 45 degree angle and adjust.

2. Wrap the bracket around the pole by tilting the dish holder 45 degrees anti-clockwise and push the rubber end behind the pole.
