

MANUAL

RIMINI Feeder House

SIZE: 37X28X106CM

www.duvoplus.com

6 x A 10 x B 1 x C 1 x D

1 Assemble the feeder tray and base frame using screws B. A detail shows a screw B being inserted into a pre-drilled hole in the wood.

2 Attach the four legs to the central post using screws A.

3 Attach the four support legs to the base frame using screws B.

4 The base frame is now fully assembled.

5 Slide the feeder tray assembly onto the central post. A dashed circle indicates the tray's position on the post.

6 The final assembled Rimini Feeder House is shown.
